Who is Eligible?

If you are an active, full-time employee working 30 or more hours per week, you are eligible to enroll in the benefits described in this guide. The following family members are eligible for medical, dental, and vision coverage:

- Legal Spouse — **(Effective 1/1/2018)** all dependent spouses applying for coverage who are eligible for employer-sponsored health coverage at their Employer, must first enroll in their employer-sponsored coverage in order to be eligible to enroll in the TAC HEBP plan.
- Dependent Child(ren) up to age 26 (Extended coverage available for Handicapped Children. Please see policy for details.)

New Hires: Benefits will begin for newly eligible employee on the **first of the month following 60 days** of employment.

Deferred Effective Date: *If you are not actively at work on the day coverage would otherwise take effect, then insurance will not take effect until the day you resume active work.*

If a dependent is in a period of limited activity on the day his or her dependent life insurance would otherwise take effect; then insurance for that dependent will not take effect until the day after:

- 1) *his or her final discharge from the health care facility; or*
- 2) *resuming the normal activities of a healthy person of the same age and sex.*

How to Make Changes After Enrollment Closes

After the Initial Enrollment/Annual Enrollment period is closed, you **cannot** make changes to the benefits you elect/waive until the next Annual Enrollment period unless you experience a Qualified Change in Status. Under the regulations, events falling within the following categories are change in status events:

- Change in legal marital status (marriage, divorce, death of spouse, legal separation, and annulment);
- Change in number of dependents (birth, adoption, placement for adoption, and death);
- Change in employment status (termination/commencement of employment, change in worksite);
- Dependent satisfies or ceases to satisfy dependent eligibility requirements;
- Residence change (only permissible where a change in residence affects the employee's eligibility for coverage)

You must notify Human Resources within 31 days of a family status change and within 60 days of a change in eligibility for Medicaid or CHIP coverage in order to be eligible to make changes; otherwise, you will have to wait until the next annual enrollment period.

DENTAL

UnitedHealthcare

1.800.996.0271

Policy Number: 708013

www.myuhcdental.com

Medina County offers dental PPO coverage through **UnitedHealthcare**. Under the PPO dental plan, you may receive care from any dentist of your choosing. However, choosing dental services from a dentist participating in the network will provide you with substantial savings. Providers participating in the network agree to accept the negotiated amount as payment in full—the enrollee is only responsible for the patient share.

If you choose to seek care outside the network, the plan generally pays benefits at a lower level. A non-participating provider may charge any amount and balance bill the enrollee for the difference between the in-network benefit allowance and the actual charge. You may want to ask the non-network Dentist about their billed charges before you receive care.

Medina County offers vision coverage through **UnitedHealthcare Vision**. There are "in-network" providers (contracted with UnitedHealthcare Vision) and "out-of-network" providers (no PPO contract). This means that you can obtain products or services through any provider you choose, though you'll generally pay less with in-network providers. When visiting an in-network provider, you are responsible for paying any applicable co-pay for covered expenses. You are also responsible for items that are not covered, or that exceed your benefit limitations. REQUIRED NOTICES

Women's Health and Cancer Rights Act

The Women's Health and Cancer Rights Act of 1998 was signed into law on October 21, 1998. The Act requires that all group health plans providing medical and surgical benefits with respect to a mastectomy must provide coverage for all of the following:

- Reconstruction of the breast on which a mastectomy has been performed
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prostheses
- Treatment of physical complications of all stages of mastectomy, including lymphedema

This coverage will be provided in consultation with the attending physician and the patient, and will be subject to the same annual deductibles and coinsurance provisions which apply for the mastectomy. For deductibles and coinsurance information applicable to the plan in which you enroll, please refer to the summary plan description or contact Human Resources.

HIPAA Privacy and Security

The Health Insurance Portability and Accountability Act of 1996 deals with how an employer can enforce eligibility and enrollment for health care benefits, as well as ensuring that protected health information which identifies you is kept private. You have the right to inspect and copy protected health information that is maintained by and for the plan for enrollment, payment, claims and case management. If you feel that protected health information about you is incorrect or incomplete, you may ask your benefits administrator to amend the information. For a full copy of the Notice of Privacy Practices, describing how protected health information about you may be used and disclosed and how you can get access to the information, contact Human Resources .

HIPAA Pre-existing Condition Exclusions

Some group health plans restrict coverage for medical conditions present before an individual's enrollment. These restrictions are known as "pre-existing condition exclusions." A pre-existing condition exclusion can apply only to conditions for which medical advice, diagnosis, care, or treatment was recommended or received within the 6 months before your "enrollment date." Your enrollment date is your first day of coverage under the plan, or, if there is a waiting period, the first day of your waiting period (typically, your first day of work). In addition, a pre-existing condition exclusion cannot last for more than 12 months after your enrollment date (18 months if you are a late enrollee). Finally, a pre-existing condition exclusion cannot apply to pregnancy and cannot apply to a participant who is under the age of 19.

If a plan imposes a pre-existing condition exclusion, the length of the exclusion must be reduced by the amount of your prior creditable coverage. Most health coverage is creditable coverage, including group health plan coverage, COBRA continuation coverage, coverage under an individual health policy, Medicare, Medicaid, State Children's Health Insurance Program (SCHIP), and coverage through high-risk pools and the Peace Corps. Not all forms of creditable coverage are required to provide certificates of creditable coverage. If you do not receive a certificate for past coverage, contact Human Resources.

You can add up any creditable coverage you have. However, if at any time you went for 63 days or more without any coverage (called a lapse in coverage) a plan may not have to count the coverage you had before the lapse.

Therefore, once your coverage ends, you should try to obtain alternative coverage as soon as possible to avoid a 63-day lapse.

All questions about the pre-existing condition exclusion and creditable coverage should be directed to Human Resources.

HIPAA Special Enrollment Rights

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to later enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your dependents' other coverage).

Loss of eligibility includes but is not limited to:

- Loss of eligibility for coverage as a result of ceasing to meet the plan's eligibility requirements (i.e. legal separation, divorce, cessation of dependent status, death of an employee, termination of employment, reduction in the number of hours of employment);

REQUIRED NOTICES

(continued from previous page)

- Loss of HMO coverage because the person no longer resides or works in the HMO service area and no other coverage option is available through the HMO plan sponsor;
- Elimination of the coverage option a person was enrolled in, and another option is not offered in its place;
- Reaching the plan's lifetime benefit maximum on all benefits, if the person is covered under a separate plan or a single plan with multiple options and the other option has a higher lifetime maximum, or the benefits paid under the first option were not integrated with the second option;
- Failing to return from an FMLA leave of absence; and
- Loss of coverage under Medicaid or the Children's Health Insurance Program (CHIP).

Unless the event giving rise to your special enrollment right is a loss of coverage under Medicaid or CHIP, you must request enrollment within 31 days after your or your dependent's(s') other coverage ends (or after the employer that sponsors that coverage stops contributing toward the coverage).

If the event giving rise to your special enrollment right is a loss of coverage under Medicaid or the CHIP, you may request enrollment under this plan within 60 days of the date you or your dependent(s) lose such coverage under Medicaid or CHIP. Similarly, if you or your dependent(s) become eligible for a state-granted premium subsidy towards this plan, you may request enrollment under this plan within 60 days after the date Medicaid or CHIP determine that you or the dependent(s) qualify for the subsidy.

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.

To request special enrollment or obtain more information, contact Human Resources.

Newborn's and Mothers' Health Protection Act Notice

Under federal law known as the "Newborns' and Mothers' Health Protection Act of 1996" (Newborns' Act) group health plans and health insurance issuers generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Under Virginia State law, if your Plan provides benefits for obstetrical services your benefits will include coverage for postpartum services. Coverage will include benefits for inpatient care and a home visit or visits, which shall be in accordance with the medical criteria, outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Coverage for obstetrical services as an inpatient in a general Hospital or obstetrical services by a Physician shall provide such benefits with durational limits, deductibles, coinsurance factors, and Copayments that are no less favorable than for physical illness generally.

Military Leaves of Absence (USERRA)

Eligible employees are entitled to continue health benefits under the Uniformed Services Employment and Reemployment Rights Act (USERRA). USERRA guarantees certain rights to eligible employees who enter military service. More information is available at: http://www.dol.gov/vets/programs/userra/USERRA_Private.pdf

Family and Medical Leave Act (FMLA)

If you qualify for an approved family or medical leave of absence as defined in the Family and Medical Leave Act of 1993 (FMLA), health care coverage may continue if you pay any required contributions for coverage. Failure to make payment will result in the termination of your health care coverage. Failure to make payment will result in the termination of your health care coverage. If you fail to return to work after the leave of absence, the Company has the right to recover any contributions toward the cost of your health care coverage incurred during your leave.

MEDICARE PART D NOTICE

Important Notice from Medina County About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Medina County and about your options under Medicare’s prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

- 1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
- 2. Medina County has determined that the prescription drug coverage offered by the BCBS of Texas plan(s) is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

Your current Medina County coverage pays for other health expenses in addition to prescription drug. If you decide to join a Medicare drug plan, your current Medina County coverage will not be affected. If you elect Medicare drug coverage in addition to your Medina County coverage, the pharmacy benefits you are eligible for under your Medina County coverage will coordinate with your Medicare drug plan. The prescription drug coverage under the Medina County plan is provided below:

	Base Plan	Buy-Up Plan
Rx Deductible	\$250 Individual / \$500 Family	\$250 Individual / \$500 Family
Tier I	\$10 copay	\$10 copay
Tier II	\$30 copay	\$30 copay
Tier III	\$50 Copay	\$50 Copay

If you do decide to join a Medicare drug plan and drop your current Medina County coverage, be aware that you and your dependents will be able to get this coverage back at open enrollment or qualifying event loss of coverage.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Medina County and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

NEW HEALTH INSURANCE MARKETPLACE COVERAGE OPTIONS AND YOUR HEALTH COVERAGE—PART A

General Information

When key parts of the health care law take effect in 2015, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away.

Can I Save Money on my Health Insurance Premiums on the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact Human Resources.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

PART B: INFORMATION ABOUT HEALTH COVERAGE OFFERED

This section contains information about any health coverage offered by Medina County. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

- ***This offering includes your spouse and dependent children to age 26.***
- ***This coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on the employee's wage.***

****** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.
